

New Source Review newspaper advertisements for construction permit applications, March 10, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: March 8, March 9, or March 10, 2005. Public notices are generally published every two weeks. The previous publication of public notices was February 22 – 24, 2005.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Nekoosa Packaging with a mailing address of P.O. Box 43, Cleveland, TN 37364-0043. They seek to obtain an air contaminant permit (Division identification number: 06-0075-07/58004) for modification of a Corrugated Board Processing Operation located at 4200 Old Tasso Road, Cleveland, TN 37311. The proposed modification would consist of replacing an existing cornerpost machine with a preformed cornerpost machine to produce packaging material from corrugated boards in the same manner as the existing machine. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Stan Lodl is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--published once on or before Thursday, March 10, 2005.

The applicant is Hinkle Contracting Corp. with a mailing address of P.O. Box 200, Paris, KY 40362-0200. They seek to obtain an air contaminant permit (Division identification number: 07-0002-02/58016) for construction of a Concrete Batch Plant at 2698 N. Hwy 25W, Jellico, TN 37762. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. D. Martin is the assigned Division person.

For the Campbell County "Lafollette Press"--published once on or before Thursday, March 10, 2005.

The applicant is Foam Fabricators, Inc. with a mailing address of 24 College Park Cove, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0221-01/57986) for modification of a Polystyrene Expansion/Molding Operation located at the same address. This existing

operation consists of pre-expanders, bag storage, molding presses, a steam generating boiler, and associated equipment used to produce custom EPS packaging materials. The boiler is fueled by natural gas with #2 fuel oil as a backup. The requested modification is to increase production capacity. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Madison County "Jackson Sun"--published once on or before Thursday, March 10, 2005.

The applicant is Quebecor World/Clarksville with a mailing address of 451 International Blvd., Clarksville, TN 37040. They seek to obtain an air contaminant permit (Division identification number: 63-0130-12/57848) for modification of a Printing Operation located at the same address. The requested modification is for the construction of a new web heatset offset lithographic press, a regenerative thermal oxidizer, and two inkjet printers. Thermal oxidizers are used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. Stan Lodl is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, March 10, 2005.

The applicant is Rinker Materials South Central, Inc. with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 74-0035-01/58013) for modification of a Rock Crushing Operation located at 3025 Joe Dowlen Road, Pleasant View, TN 37146. This existing operation consists of crushers, screens, conveyors, feeder, pugmill, stockpiles, and associated equipment used to produce crushed rock. Wet suppression is used for pollution control. The requested modification is to replace an existing conveyor with a new conveyor. There would be physical construction. The amount of regulated air contaminants emitted by this source would remain the same. Mr. M. Reynolds is the assigned Division person.

For the "Robertson County Times"--published once on or before Thursday, March 10, 2005.

The applicant is Mingle and Elrod, Inc. with a mailing address of P.O. Box 1011, Murfreesboro, TN 37153. They seek to obtain an air contaminant permit (Division identification number: 75-0030-01/57769) for construction of a Metal Fabrication Operation at 419 South Front Street, Murfreesboro, TN 37130. This proposed operation would consist of equipment used in the production of structural steel components. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, March 10, 2005.

FIRST APPLICANT

The first applicant is Mr. Bo Bowling with a mailing address of BBK Investments, 607 Commons Drive, Gallatin, TN 37066. They seek to obtain an air contaminant permit (Division identification number: 83-0379-01/57969) for construction of a Gasoline Dispensing Facility at BBK Bethpage Market located at 3502 Hwy 31E, Bethpage, TN 37022. This proposed operation would consist of three (3) 4,000 gallon gasoline tanks and six (6) gasoline-dispensing nozzles with Stage I and Stage II vapor recovery equipment used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. G. Gatlin is the assigned Division person.

SECOND APPLICANT

The second applicant is Hollingsworth Oil Company with a mailing address of 1503 Memorial Blvd., Springfield, TN 37172. They seek to obtain an air contaminant permit (Division identification number: 83-0380-01/57972) for construction of a Gasoline Dispensing Facility at Triple 'S' Market #5 located at 501 Garnet Court, Gallatin, TN 37066. This proposed operation would consist of one (1) 15,000 gallon gasoline tank, one (1) 6,000 gallon gasoline tank and ten (10) gasoline-dispensing nozzles with Stage I and Stage II vapor recovery equipment used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. G. Gatlin is the assigned Division person.

For the "Sumner County "News-Examiner"--published once on or before Thursday, March 10, 2005

The applicant is Tennessee Valley Authority with a mailing address of 1101 Market Street, Chattanooga, TN 37402. They seek to obtain an air contaminant permit (Division identification number: 85-0024-19/57931) for construction of a Surface Coating and Abrasive Blasting System at Highway 25, JD Hood Lane, Hartsville, TN 37074. The proposed operation would consist of a paint booth used to coat heavy equipment as part of maintenance and also an abrasive blaster for blasting the heavy equipment before coating. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

For the Trousdale County "Hartsville Vidette"--published once on or before Thursday, March 10, 2005.
